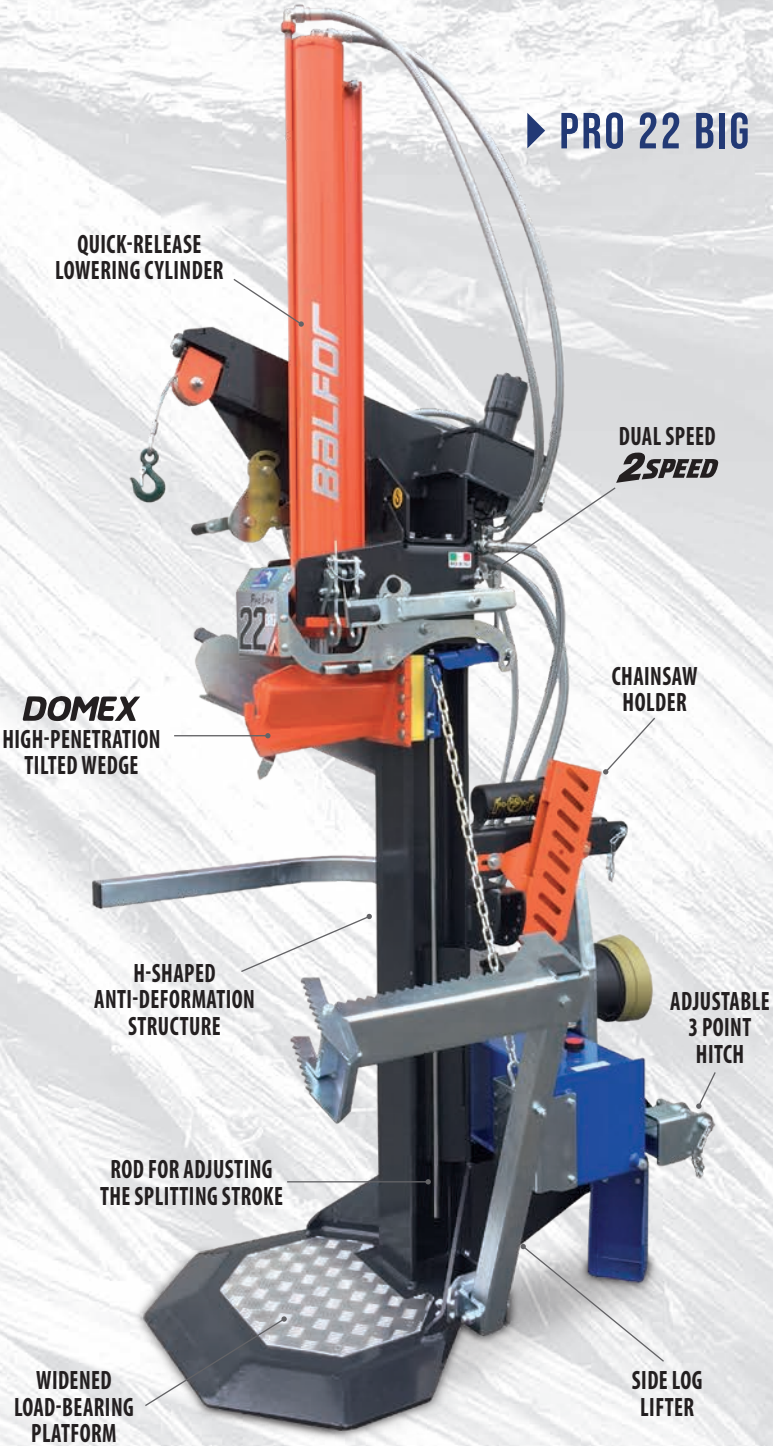
PRO 13

PRO 22 BIG

PRO 19 BIG SB ROAD

PRO 22 BIG



Pro line is Balfor's range of high-performance log splitters. Thanks to first-class components and high power and speed, the log splitters in this series offer unbeatable value for money. The structure on a non-deformable beam, separate tank, side log loader (only for tractor versions) Domex steel inclined wedge, make it an ideal tool for professionals.

The CA versions have a log puller winch as standard, which has a towing capacity of 1 tonne. The winch, which has a 13-metre cable, has an automatic unwinding device that allows it to be used quickly and conveniently by a single operator. Enriching the machine's equipment are the axe holder, chainsaw holder, adjustable linkages for tractor, large base frame with sloping edges, high right handle and movable left handle mounted on bearings, and steel-mesh coated.
